Preliminary Data Sheet for SEK73615

Part Number:	SEK73615
Description:	Nylon and spandex knitted fabric coated with silver Bi-directionally stretchy
Thickness, mils:	4 (0.5 mm)
Basis Weight, oz/yd ²	3.8 (130 g/m ²)
Width, in (nominal)	61 (155 cm)
Surface Resistivity, ohm/sq	15
Shielding Effectiveness @ 1 GHz, dB	NA
Metal Adhesion per ASTM D3359:	Pass, no metal loss
Temperature Range °C:	-30 to 90
Burst Strength, psi:	NA
Roll Length, yd:	55 (50 m)

The information provided here is for illustrative purposes only and should not be considered a product specification. All statements and data given herein are believed to be accurate and reliable but are presented without guarantee, warranty, or responsibility of any kind, either expressed or implied. Statements or suggestions concerning possible use of this product are made without representation or warranty that use is free of patent infringement or liability. As always, it is up to the user of this product to make sure the said product is fully suitable for the intended application and that all standard safety measures are practiced when handling this product.
